

## ALL THE NECESSARY INGREDIENTS FOR A LEGENDARY TIME

Let's come up with a list of the essentials. A great room? Check. From boutique inns to full-service resorts, and everything in between. Dining? No doubt. Basque, French, sushi, Thai, burgers, sandwiches, barbecue, and a classic steak house or two, just to start the assortment you'll be talking about for a long time to come. Have a pint of a craft brew, sip on some amazing curated wines, or better yet, settle in at the Minden Mill Distilling tasting room for some local spirits – a must if you want to learn more about this world-class historic estate. You'll find one-of-a-kind local shops on Main Street, as well as boutique shops scattered all along your route. Recreation? In a BIG way. Heavenly's ski runs are just up the road, Tahoe's blue waters and golden beaches are 14 miles off, there are single tracks at all points of the compass, trout streams falling from the mountains, and a soaring scene that's one of the world's most renowned. Golf courses ring the valley while beyond are public lands that welcome hikers, bikers and ATV enthusiasts. Saddle up and come enjoy the ride.

## MAKE A DATE WITH A PILLOW

Sometimes, you need to go just a little further to discover a lot more. Emphasis on "little," however, because Carson Valley is just 14 miles east of South Tahoe and 40 minutes from Reno. Handy or what?

## WELCOME TO THE LAND OF EVERYDAY LEGENDS

Adventures aren't always measured by flashy gadgets. Sometimes they arrive in a glass at the oldest, quirkiest, most memorable saloon you'll ever set foot in, served up by a salty barkeep and raised in the company of folks who know better than to order a Malbec. Other times, those adventures are realized in the still of the desert as you roam in the wide open, seeking wildlife or your own picture-perfect moment. Then again, it may be the Basque dinner where bread, beans, local meats and wine create an atmosphere where there's no such thing as "strangers." It's a scene that's a great follow up to a day of single-track madness or a ride in a glider soaring silently above Lake Tahoe and Carson Valley.

Such is the pace, flavor, and the unprocessed pleasures that accompany every adventure to Carson Valley.

## OUTDOOR REC AND CULTURE

There's a connection with frontier roots that's on display at all points of the compass – historic ranches, pleasantly haunted homes, a downtown park straight from a Grandma Moses painting, cultural centers, and the quaint, shady town of Genoa – Nevada's first town and a re-saddling station in the beautiful but short-lived Pony Express era.

There's nothing pre-packaged or pretentious, flashy or flamboyant about Carson Valley. It's as pure as a place can come. And the adventures that unfold here are in the company of people whose wide smiles and warm hearts are 100% sincere.

Just unbuckle your imagination and place your love for life in an upright position. This is where it gets good, and your adventure begins.
